1. Background Information

About the school

1.1 The Lycée International de Londres Winston Churchill is an independent, co-educational bilingual school. Opened in 2015, it was created through the collaboration of the Wembley Educational Charitable Trust (WECT) and the Ambassade de France au Royaume-Uni. The school is a company limited by guarantee overseen by a board of governors who are the directors and trustees. The school provides a bilingual education incorporating elements of the National Curriculum of England and the French Éducation Nationale programme. This is the school’s first ISI inspection, as it was previously inspected by Ofsted.

What the school seeks to do

1.2 The school’s aim is to educate students to become responsible, creative, and principled global citizens; to teach them to think critically and act ethically; to form and express their own opinions and respect those of others; to define their own life goals, and to make sense of and embrace change.

About the pupils

1.3 Pupils come from families living in the Greater London area. Though more than 45 nationalities are represented in the student body, many students have a family connection with France or with the French education system. One pupil has an education, health and care (EHC) plan, and the school has identified 107 pupils as having special educational needs and/or disabilities (SEND) of whom 54 receive specialist help. English is an additional language for 702 pupils, a third of whom receive additional support. Data used by the school have identified 17 pupils as being more able in the school’s population, and the curriculum is modified for them.
2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards (‘the standards’) in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school’s accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school’s most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school’s compliance with the standards. The standards represent minimum requirements and judgements are given either as met or as not met. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: The Education (Independent School Standards) Regulations 2014, Early Years Foundation Stage Statutory Framework.
Key findings

2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014 and relevant requirements of the statutory framework for the Early Years Foundation Stage, and associated requirements, and no further action is required as a result of this inspection.

PART 1 – Quality of education provided

2.2 In the primary school, the school’s own framework for assessment confirms that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).

2.3 In the secondary school, the school’s IGCSE and French and International Baccalauréate results in the years 2021 to 2023 confirm that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).

2.4 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils’ performance is in place.

2.5 Pupils receive relationships education in the primary school and relationships and sex education in the secondary school, except in so far as they are lawfully excused. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.

2.6 The standards relating to the quality of education [paragraphs 1–4] are met.

PART 2 – Spiritual, moral, social and cultural development of pupils

2.7 Principles and values are actively promoted which facilitate the personal development of pupils as responsible, tolerant, law-abiding citizens.

2.8 The standard relating to spiritual, moral, social and cultural development [paragraph 5] is met.

PART 3 – Welfare, health and safety of pupils

2.9 Arrangements are made to safeguard and promote the welfare of pupils by means that pay due regard to current statutory guidance; good behaviour is promoted; bullying is prevented so far as reasonably practicable; health and safety requirements are met, including those relating to fire safety; provision is made for first aid. Pupils are properly supervised; admission and attendance registers are maintained, as required, and there is a strategic approach to risk assessment. A disability access plan is in place.

2.10 The standards relating to welfare, health and safety [paragraphs 6–16], the requirement of Schedule 10 of the Equality Act 2010, and the ban on corporal punishment under section 548 of the Education Act 1996 are met.

PART 4 – Suitability of staff, supply staff, and proprietors

2.11 The school makes appropriate checks to ensure the suitability of staff, supply staff and proprietors, and a register is kept as required.

2.12 The standards relating to the suitability of those in contact with pupils at the school [paragraphs 17–21] are met.
PART 5 – Premises of and accommodation at schools

2.13 Suitable toilet and changing facilities, and showing facilities where required by the standard, and appropriate accommodation for pupils’ medical and therapy needs are provided. The premises are maintained to a standard commensurate with health and safety; acoustics and lighting are appropriate; water provision is adequate. Suitable outdoor space is provided for physical education and outdoor play.

2.14 The standards relating to the premises and accommodation [paragraphs 22–31] are met.

PART 6 – Provision of information

2.15 A range of information is published, provided or made available to parents, inspectors and the Department for Education. This includes details about the proprietor, the ethos of the school and the curriculum, and of the school’s arrangements for admission, behaviour and exclusions, bullying, health and safety, first aid, details of the complaints procedure, and the number of complaints registered under the formal procedure during the preceding school year, and the provision for any with education, health and care plans or English as an additional language. It also includes particulars of the school’s academic performance during the preceding school year, inspection reports and (for parents only) a report at least annually of their own child’s progress. The safeguarding policy is posted on the school’s website.

2.16 The standard relating to the provision of information [paragraph 32] is met.

PART 7 – Manner in which complaints are handled

2.17 Parental complaints, if any, are handled effectively through a three-stage process, (informal, formal and a hearing before a panel of three, one of whom is independent of the school). Each stage has clear time scales, and at the third stage the panel can make findings and recommendations which are communicated to the complainant. Records are kept appropriately, including of any action taken, whether or not a complaint is successful.

2.18 The standard relating to the handling of complaints [paragraph 33] is met.

PART 8 – Quality of leadership in and management of schools

2.19 The proprietor ensures that the leadership and management demonstrate good skills and knowledge, and fulfil their responsibilities effectively, so that the other standards are consistently met, and they actively promote the wellbeing of the pupils.

2.20 The standard relating to leadership and management of the school [paragraph 34] is met.
3. **Inspection Evidence**

3.1 The inspectors observed lessons, had discussions with pupils and examined samples of pupils’ work. They held discussions with members of staff and with a group of governors, observed a sample of the extra-curricular activities that occurred during the inspection period, and attended form meetings and assemblies. Inspectors visited the facilities for the youngest pupils, together with the learning support and educational resource areas. Inspectors considered the responses of parents, staff and pupils to pre-inspection questionnaires. The inspectors examined curriculum and other documentation made available by the school.
